Public Hearing

Public Hearing 1 Wykeham Road

Chair Hollinger asked the clerk to read the legal notice that was published in the paper regarding the Certificate of Appropriateness application for the installation of two 7x7 granite posts and faux rock over propane dome. Ms. Maclaren spoke briefly to the commission regarding the project. They are installing a generator which will have a buried propane tank. The pillars will be situated to protect the buried tank as it is in the front of the building.

Motion: Motion to close the public hearing made by Chair Hollinger, seconded by D. Rimsky, Passed unanimously.

Public Hearing 157 Calhoun Street

Chair Hollinger asked the clerk to read the legal notice that was published in the paper regarding the Certificate of Appropriateness application for construction of small addition to the house in addition to an accessory structure deck. Mr. McTigue who is representing the owner explained to the commission that they are seeking this COA for a small patio addition to the previous approved accessory structure. Right next to that will be a sunken garden which will have a tunnel that will extend underneath the driveway up to the main residence. This will have a small proposed stair tower to be attached to the lower level of the main residence which will be unconditioned space.

Historic District Commission Meeting Minutes 04/15/2024

Motion: Motion to close the public hearing made by Ms. Mills, seconded by S. Averill, Passed unanimously.

Public Hearing 12 Ferry Bridge Road

Chair Hollinger asked the clerk to read the legal notice that was published in the paper regarding the Certificate of Appropriateness application for the replacement of 14 windows. Mr. Dodd explained to the commission that he is proposing the replacement of the 14 windows at the residence due to concerns of lead paint that exist on these windows. He informed the commission that they have tried to capture with as much precision as possible a similar design while also maintaining and purchasing a quality/high efficiency window.

Motion: Motion to close the public hearing made by Mr. Fairbairn, seconded by S. Averill, Passed unanimously.

Motion made by P. Mills, seconded by S. Averill. Passed unanimously.

New/Other Business

Historic District Signage

No new updates except that J. Brinton is working on this.

Expansion of Historic District

D. Rimsky reached out to two people in regards to New Preston Hill and New Preston Village. They both responded with a tentative maybe but were seeking more information. After a brief discussion with T. Hollinger, he plans on getting back to them with the information they are seeking so that they can evaluate whether they want to participate or not. Chair Hollinger contacted a Nettleton Hollow Association board member who told him that if he could put in writing what the HDC is seeking to do she will present it to the board. Mr. Ferreira offered to reach out to a contact on Old North Road to see if they would be willing to help the commission in assessing the interest in expanding the historic district. Mr. Fairbairn is continuing his research into properties contiguous to existing districts as he has not found anything definitive regarding this matter as of yet.

New Business

Motion: Motion to include business not on the agenda. Motion made by Mr. Fairbairn, seconded by D. Rimsky. Passed unanimously.

Chair Hollinger brought to the attention of the commission members advertising signs that have been placed at the corner of Kirby Road and Route 47 which is the property of the Congregational Church. He asked the clerk to check with the 1st selectman in regards to this matter prior to the commission sending the church a letter stating the HDC does not approve of outside/third party advertising signs.

Adjournment

Motion: To adjourn the meeting at 7:34 pm by Ms. Averill, seconded by Ms. Mills. Passed unanimously.

Respectfully Submitted,
