## Minutes:

- **Motion:** To approve the minutes of the September 10, 2007 meeting of the Parks and Recreation Commission as submitted. By Holly Haas, seconded by C.J. Kersten and unanimously approved.

## Visitors:

- **Michael Gorra** attended this evening meeting to update the Commission on the Youth Hockey Program begun last year. It was a very successful year and Family Skate brought in more than \$5000.00 for the Bunker Burr Fund, which helps reduce the costs for children and their families interested in participating in the program. Michael distributed a handout that outlines the program and its projections for the coming season. He asked the Commission to once again sponsor the Family Skate program, which allows it to fall under the Town's insurance. All other programs are sponsored by the Hockey Association. The Commission approved of this request unanimously.
- **Shemus Craft and his mom, Jeff Semenetz, Nic Carlson, Jake Anderson, and Ian Bowman and his dad** attended this evening's meeting to discuss their looking for a place to skateboard in the Depot area. They have found that using "private" property (i.e. business parking lots, sidewalks, etc.) and various Town and/or school areas are not allowed, safe or appropriate. They gave a very good presentation, explaining their needs and hopes. The Commission asked various questions, gave suggestions and advised the group that the final approval, should a place be found, would need to come from the Board of Selectmen. A possible suggestion made by the First Selectman and the Highway Director would be the paved area in front of the old town garage building on Titus Road. There was discussion of liability, posting of signs stating the Town would not be responsible for injuries, etc., rules, waivers, parental supervision, etc. Sheila suggested that if this spot were given the OK, that there be a trial period to assess how the program would work. Others have suggested the basketball court area behind the primary school. The Commission will discuss and make recommendations to the Board of Selectmen. The Commissioners discussed this further later in the meeting and felt that there were certain risks involved and the Town Attorney should be consulted. They also felt that parental supervision should be mandatory.
