To the Town of Washington,

We are writing in support of Rika Keck being able to see clients in her home gym/barn. We are the Keck's closest neighbor in proximity. In fact, their driveway and the gym/barn are visible through our backyard and we have never felt an issue with Rika's clients coming to their home for services. Rika's clientele are discreet and respectful and we fully support her in being able to continue to see them at their property.

Please feel free to reach out to us with any specific questions.

Best regards,

Luna & Carlos Garcia (37 Winston Drive, Washington Depot CT 06794)
