Ms. White,

Good morning. You will recall that we represent the applicant in connection with the proposed inn at 101 Wykeham Road.

On March 5, 2020, we submitted to you a letter, a memorandum, and two copies of all of the materials required for the issuance of the special permit and zoning permit for the inn, save for the letter from Aquarion, which had not been issued. We did this in order to allow staff ample time to review the materials submitted. A copy of my cover letter and the memorandum describing the submittals is attached for your reference.

I am pleased to inform you that we have now received the required approval from Aquarion confirming that sufficient water is available to satisfy the requirements of the inn. Their letter is attached, along with a letter from 101 Wykeham Road, LLC agreeing to pay for all costs associated with supplying the water to the inn.

Please let me know when we may pick up the permits.

Thank you,

David
