Public Hearing: 1:00

With a quorum present Mr. Hollinger seated all the members present, Mr. Hollinger, Ms. Mills, Ms. Woodroofe, Ms. Averill, Mr. Rimsky and Mr. Fairbairn, he called the Public Hearing to order at 7:00 p.m. via zoom.

Mr. Hollinger read the legal notice; The Washington Historic District Commission will conduct a Public Hearing via zoom, Monday, August 17, 2020 at 7:00 PM to consider the application for a Certificate of Appropriateness submitted by Doherty, 214/212 Calhoun Street., restore to original house block removing kitchen wing, rear deck, construct new single family residence, and driveway.

Mr. Hollinger went over the submission documentation that Mr. Talbot, agent for the Doherty’s, presented with the Certificate of Appropriateness, CoA. Mr. Hollinger reviewed the site visit that was conducted on August 13, 2020.

Mr. Talbot thanked the Commission for the site visit. He showed the proposed site plans for the property. He showed the old homestead and the addition wing that was added in 1935. The Doherty’s are removing the kitchen wing and bringing the homestead back to the original block foundation. The homestead will be turned into a studio. The rear pressure treated deck is to be removed. The homestead was built in 1860 and had smaller windows, they would like to go back to the 6 x 6 smaller windows. The exterior will be clapboard. They will be grading up to the building, about a two foot elevation. They are replacing the roof with a standing seam metal roof. The chimney will be staying.

The new single family residence will look similar to the guest and pool house with antique barn siding that are currently on the property. The residence will be a single story, 3,291sq foot home, and a maximum height is 27’at the peak of the silo. The silo will have a standing seam metal roof. Mr. Talbot showed picture of what the house would look like from the roadway. The

Doherty's are keeping the grass meadow in front of the house. The garage is around the back of the house, this will help hide the cars from the roadway. The new driveway will go between the studio and the pool. Some of the fencing will be moved to accommodate the driveway configuration. The generator and propane tank will be hidden behind a utility fence. The windows will be dover doors with muntin bars and steel sash. The roof will be wood shingles and the lower roof maybe standing seam metal roof. Ms. Woodroofoe expressed she prefers wood shingle roofs opposed to metal roofs.

Motion: To close the public hearing for Certificate of Appropriateness submitted by Doherty, 214/214 Calhoun St, restore to original block removing kitchen wing, rear deck, construct new single family residence and driveway by Mr. Hollinger seconded by Ms. Averill passed 5-0 vote.
