

## **CORONAVIRUS (COVID19) UPDATE 04/23**

Dear Friends and Neighbors:

In a continuing effort to help our residents comply with all safety protocols, we are making free face masks available. The masks are individually packaged in a brown paper bag and are available for pick up on the Town Hall steps between the hours of 9:00-5:00 and 8:00-12:00 on Saturday. Please take one per person. This will continue while supplies last.

If you have not had a chance to see it yet, I highly recommend viewing a very inspirational video created by our own Deb Andrews. It is incredibly uplifting and includes many of our friends and neighbors. The video can be viewed on the [explorewashington.com](https://www.facebook.com/explorewashington.com) Facebook page.

From Wednesday through Sunday this week we will be celebrating Earth Day. I am encouraging all those who are able to participate with the clean-up of our local roads. Please wear brightly colored clothing and be aware of vehicular traffic. If you are out driving this week, please be careful of the volunteers doing clean up. WEC has made available trash bags and gloves. They are located on the front steps of the Town Hall. You will also find a dumpster at the Town Hall to place full trash bags.

This weekend's weather seems to be a mixed bag of clouds and showers. Saturday seems to be the best day of the weekend with mostly sunny skies and warm temperatures. If you are looking to be outdoors on Saturday, please consider doing some roadside clean-up. This would not only be a great way to help the environment but also help relieve overcrowding at our various land preserves.

Who doesn't love Betty White?

Thought of the Day: "People say, 'But Betty, Facebook is a great way to connect with old friends.' Well, at my age, if I want to connect with old friends I need a Ouija board."

Betty White

Thank you to all and stay well.
