First Selectman’s Report:

* Clark Road – additional driveway request:

Mark reported that Mr. Bruce Carusillo, who had been granted approval to put a driveway off of the impassable section of Clark Road several months ago, with the understanding that he would maintain the road, has requested that an additional driveway be allowed off that section of the road. Information has been sent to Town Attorney David Miles for his review.

* Old Litchfield Road Stop Sign:

Mark has received verbal notification from the State DOT that they would not approve the installation of a STOP sign at the intersection of Route 109 (State section of Old Litchfield Road) and Blackville Road because they do not see a need and will not install a STOP sign for the purpose of controlling speed. In addition, they questioned the validity and need for the STOP sign the Town installed on the Town section of Old Litchfield Road at this same intersection. Selectman Brinton has made several contacts with the DOT communicating the feeling of the residents and police that it is in fact a hazardous intersection. Mark has spoken with Resident Trooper Steve Sordi and he and Steve will continue to put more information together to send to the State. When the State sends their written report the Town has the right to disagree and appeal their decision.

Adjournment:

* Motion: To adjourn the meeting at 5:39 p.m. as there was no further business for discussion. By Jim Brinton, seconded by Mark Lyon and unanimously approved.
